VISIONARY CARE

Looking for a surgeon you can trust with your eyes?
Meet Richard S. Kalski, MD, whose expertise is
second to none in Miami.

IN A WORLD WHERE SIGHT is precious, entrusting your eyes to a skilled professional is paramount. Meet Richard S. Kalski, MD, a beacon of expertise and compassion in the field of ophthalmology. As a refractive surgery specialist with a passion for restoring vision and enhancing lives, Dr. Kalski has been in private practice since 1996 and stands as a trusted name in eye care. He takes the time to conduct thorough examinations and craft personalized surgical plans for each patient.

BACKGROUND: Dr. Kalski's journey in ophthalmology is marked by years of dedicated study and practice. He attended college at

The University of Chicago, graduated from Case Western Reserve University School of Medicine, and pursued his ophthalmology residency at the same institution. He continued his fellowship training in corneal and refractive surgery at the Royal North Shore Hospital in Sydney, Australia, further sharpening his skills. He has trained surgeons abroad on LASIK techniques before the LASIK procedure was approved in the United States.

Voted the best laser and laser cataract surgeon by *Indulge* magazine of The Miami Herald, Dr. Kalski's accolades attest to his expertise and commitment to patient care. He was one of the first

surgeons in South Florida to offer the femtosecond laser for performing laser cataract surgery. Dr. Kalski's dedication to staying abreast of advancements ensures that his patients receive cutting-edge, personalized treatments.

SERVICES OFFERED:

Dr. Kalski offers a comprehensive suite of services tailored to address each patient's unique needs. His practice covers a wide spectrum of eye care. Dr. Kalski takes pride in restoring clear vision and minimizing patient's dependence on glasses and contact lenses with laser cataract surgery, multifocal and toric intraocular lenses, LASIK, and other refractive procedures. Additionally, his meticulous management of eye diseases helps to maintain eye health and prevent the progression of sight-threatening conditions.

PATIENT-CENTRIC

APPROACH: Central to Dr. Kalski's practice philosophy is his unwavering dedication to patient care. He listens attentively to each patient's concerns, ensuring they feel valued and understood throughout their treatment journey. With empathy and expertise, he empowers patients to make informed decisions about their eye health, fostering a sense of trust and confidence while prioritizing their best visual outcomes.
